Loan Interest Rate & Fees - Variable

Your interest rate will be between 3.10% and 5.06%.

After the rate is set, your rate will then vary with the market.

Your Interest Rate (upon approval)
The interest rate you pay will be determined after you apply. It will be based upon your credit history and other factors (income, co-signer credit, etc.). If approved, we will notify you of the rate you qualify for within the stated range.

Your Interest Rate during the life of the loan
Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the One-Month LIBOR published in The Wall Street Journal.

Although the rate will vary after you are approved, it will never exceed 9.90% (the maximum allowable for this loan).

See the Reference Notes for more information on the variable interest rate.
